

BOARD OF ADJUSTMENTS

ANNUAL REPORT, 2009

The Board, established as the Sheboygan County Building, Zoning, and Sanitary Board of Adjustments by Chapter 76, Sheboygan County Code of Ordinances, hears and decides appeals where it is alleged there is an error in a decision of the County's Planning & Resources, Airport, and Land & Water Conservation Departments in conjunction with the administration of the County's Sanitary, Shoreland-Floodplain, Nonmetallic Mining, and Airport Height Limitation Ordinances, and authorizes, upon appeal, variances to the same Ordinances.

During 2009, six appeals for variances to the *Sheboygan County Shoreland Ordinance* and one appeal for a variance to the *Sheboygan County Sanitary Ordinance* were filed with the Board. Three of the variances to the Shoreland Ordinance were granted; two were denied. The Board determined the Shoreland Ordinance requirements did not apply to the sixth appeal. The variance to the Sanitary Ordinance was granted. A request continued from 2008 was withdrawn by the appellant. A second request continued from 2008 was granted.

With the appeal fee at \$500, Board revenues totaled \$3,500 for 2009.

Respectfully submitted,

Barbara Crosser
Board Chair
