

Sheboygan County Health Care Centers Foundation

Today, more than ever, the health care industry is faced with compressed revenues and reimbursement difficulties. As we enter the 21st Century, the challenge we will face will be to provide care at the highest possible levels of professionalism and quality, and to do so economically and efficiently.

The Sheboygan County Health Care Centers Foundation is a public Foundation, not for profit organization meant to assist the Sheboygan County Health Care Centers. The Internal Revenue Service has granted the organization this status, therefore all contributions are tax-deductible to the full extent of the law.

Foundation Purpose: The purpose of the Health Care Centers Foundation shall be to raise, invest, and reinvest money and to devote the principal amount perpetually and exclusively for charitable purposes that benefit the long-term care facilities owned and operated by Sheboygan County, Wisconsin, known as the Sheboygan County Health Care Centers.

The Foundation is designated as the Fund-raising arm of the Sheboygan County Health Care Centers. In addition, the organization hopes to aid in the completion of special projects for clinical programming, purchasing of major capital equipment items, sponsor educational programs, supplement operational costs and promote careers in the long-term field.

Are you Board Member Material?

Many of us have been asked to serve on boards in our community, whether it be for church, school or the local athletic club. Being involved in what an individual believes in, and putting time and energy into that cause, is pertinent in being an active member of your community.

Many in Sheboygan County and surrounding areas have ties to the Sheboygan County Health Care Centers. They may have a mother living in one of our nursing homes, have been an active volunteer for years, provided a service to our organization, or contributed to our cause. For whatever reason may exist, all of these individuals are important to our organization. Serving on the Sheboygan County Health Care Center Foundation Board will bring you even closer to the ties that already exist.

As a Foundation Board member, you are given light responsibilities. Most importantly, you will govern the operations of the Foundation. In addition, your knowledge base on the surrounding community is a great benefit.

FOUNDATION BOARD RESPONSIBILITIES

- Attend quarterly meetings at one of the two Sheboygan County Health Care Centers. Times/Dates/Locations are established according to the most convenient time members can meet.
- Govern the funds of the Foundation
- Aid in fund-raising for the Foundation by providing ideas to the board
- Assist in attaining local support for the organization
- Assist in community awareness of the Foundation

To learn more about the Foundation, inquire on board membership or to make a donation, please contact Jennifer Holzmann today.
