

Erosion Control Application Checklist

Permit # _____

Project name: _____

Date: _____

Please Check the appropriate box:

I=included; NA= Non-Applicable

(If NA is checked, an explanation must be entered)

Applicant			
I. Plan Requirement-Narrative	I	NA	Explanation / Location in Plan
1. Names/Addresses- Owner/Developer/Consultant/Contact			
2. Site Location and Site Boundaries Map (USGS 7.5" quad)			
3. Start, Milestone, and End Dates for Construction			
4. Description of Site and Construction Activity			
5. Sequence of Construction Activities including Start/End Dates			
6. Description of all Erosion Control Measures			
7. Description of Interim and Permanent Stabilization Practices			
8. Estimate of Total and Disturbed Area			
9. Runoff Calculations			
10. Soil Loss Rate Calculations			
11. Description of Soils and Subsoils			
12. Depth to Seasonal High-Water Table			
13. Name of Receiving Water (from USGS Map)			
II. Plan Requirement-Site Drawing			
1. Existing/Proposed Topography, Vegetative Cover, Road, Watercourse			
2. Limits of Construction			
3. Topsoil and General Fill Stockpile Locations			
4. Area of Soil Disturbance			
5. Location of all Structural/Non-structural Controls			
6. Location of Area for Stabilization Practices			
7. Areas of Vegetation after Construction			
8. Regulatory Wetland Boundaries			
9. Locations of Stormwater Discharge to Wetlands or Waters of the State			
10. Locations of all Wetlands and Waters of the State within 200 ft			
11. Alphanumeric Grid Overlying Construction Site
