

**NONMOTORIZEDTRANSPORTATION PILOT PROGRAM
PHASE 2 Data Collection, Level 1**

Project Name - Project #19 Cedar Grove-Belgium Schools Pathway

Type of Project - Infrastructure

Scope - Project provides a pathway from a northern subdivision to the school district campus. Project length is approximately 800 feet.

Location - North side of the Village of Cedar Grove on the school district campus.

Design - Install 10' multi-use pathway.

Project Cost - Approximately \$27,050

Project Purpose

The project will provide a safe route to school and eliminate the reliance of school busing by providing a bicycle/ pedestrian pathway between new subdivisions and the school district campus. Over 1 mile of school busing will be eliminated by installing this pathway.

Estimated Level of Use Including Target Audience

The population within one mile of the project is roughly 1797. However, the pathway will directly affect over 50 new homes and over 30 existing homes in the targeted subdivisions.

Period of Performance and Timeline - This project was slated to begin in the '08 construction season. However, due to the slow-down in the real estate market the planned subdivision has been put on hold until '09. Construction is anticipated in 2009.

New or Continuation - Project is new.

Leveraging of NTPP and Other Revenue Sources - The Hillcrest Development Company donated approximately 140 feet of property to make the pathway possible.

Will this include Level 2 and 3 data collection - No.
