

**NONMOTORIZEDTRANSPORTATION PILOT PROGRAM**  
**PHASE 2 Data Collection, Level 1**

**Project Name** - Project #25 Village of Adell Sidewalk Initiative

**Type of Project** - Infrastructure

**Scope** - Project fixes sidewalk gaps throughout the Village of Adell. Approximately 3,683 feet of sidewalk is to be constructed.

**Location** - Throughout the Village of Adell.

**Design** - Construct new 5' sidewalks.

**Project Cost** - Approximately \$117,330

**Project Purpose** - Creates safe walkways for pedestrians connecting places of worship, the Village Park, and residential areas which are in the southern half of the village.

**Estimated Level of Use Including Target Audience** - The population within one mile of the project is roughly 665, basically the entire village. In the same area roughly 60 children wait for school buses typically in the streets because of lack of sidewalks. Also, many health conscious people walk daily in the streets, causing safety concerns.

**Timeline** - Fall/Winter 2008

**New or Continuation** - Project is a continuation of existing infrastructure.

**Will this include Level 2 and Level 3 data collection** - No.
