February 2010

Please Let Us Introduce Ourselves,

We are the Habitat for Humanity ReStore affiliated with Habitat for Humanity Lakeside. We have two ReStores, with one located in Sheboygan and the other located in Plymouth. Our Habitat ReStores depend 100% on donations of new or used building materials and home improvement items.

All profits from the ReStores go to Habitat for Humanity Lakeside (Sheboygan and Ozaukee Counties) and are used to further the mission of providing low-cost housing for partner families. If you already donate, we appreciate your support. If you would like to donate, please contact us in Sheboygan at 920-452-4175 or Plymouth at 920-892-4175.

Why Donate to the Habitat for Humanity Lakeside ReStores?

1. Donating frees up space in your home or business.
2. Donating eliminates disposal fees and frees up space in the landfills.
3. Donating provides materials at a low cost so others can improve their homes.
4. Donations are tax deductible.

You may bring your usable donations to the ReStores during store hours or make arrangements to have them picked up. Upon receiving your items, a donation receipt will be provided. A list of items that we accept for donation has been included with this letter.
