**Reported to law enforcement?**  Yes  No Name of Law Enforcement Agency \_\_\_\_\_ Phone: \_\_\_\_\_

Note: County code requires that all animal bites must be reported to law enforcement authorities. If this has not been done, Health Department personnel should call law enforcement in area of owner's address and report. If owner is unknown, call law enforcement in area of address of incident bitten. If unsure who the law enforcement agency is, phone the sheriffs department non-emergency #at 920-459-3111.

**\*Disposition of the animals:**

Quarantined for 10 days after bite  Euthanized and sent to WSLH by: \_\_\_\_\_  
Veterinarian/Humane Society

State law requires quarantine of pets/livestock that have been exposed to rabies. See ss 95.21 for more information

NA – species does not carry rabies

**\*Advice to animal owners:**

Wash wound well with soap and warm water  See a veterinarian to address post bite treatment for your pet

Capture or contain the animals if you can do so without further injury to yourself. You may need to depend on the animal's owner, law enforcement and/or the Humane Society to capture animals.
