

CAR SEAT FITTING STATION!

8 out of 10 kids are not buckled in their car seat correctly. Your area Safe Kids organization can help! A member of Safe Kids Worldwide, The Sheboygan County Chapter works to prevent accidental injuries, the leading cause of death among children 14 years of age and younger. Certified Car Seat Technicians from the Sheboygan County Chapter of Safe Kids have set up a permanent place for parents to get their child's car seat checked. This **FREE** service will be held at Fire Station No. 3, 1326 North 25th Street, from 3:00 P.M. to 6:00 P.M. the 2nd Thursday of every month by appointment only. The seat check itself lasts about 30 minutes. Technicians will ensure that the seat has not been recalled, adjust the seat to properly fit your child, and fit the seat securely into your vehicle. **Call 459-3030 for an appointment.**
